

Hlavlin

7 days Foot Deodorant Cream

**To achieve best results,
please read this instruction sheet
carefully before using
the product.**

Lavilin – the “**single application**” revolution.
A single application eliminates perspiration odor up to 7 days.

Small amount of cream – **long lasting** odor protection.
For maximum effectiveness – recommended for use at night, before
bedtime.

Lavilin – alcohol-free, aluminum-free, paraben-free!

Lavilin – **water resistant!** Shower, sports, swimming and strenuous
physical activities do not interfere with Lavilin’s effectiveness.

Recommended for Athletes!

Gentle – herbal extracts moisturize, soothe and protect.

Instructions for each foot:

- **Wash** feet and dry thoroughly.
- With the enclosed spatula, **place** on your fingertip a small amount of Lavilin
- **Spread** gently across the ball of the foot, upwards and across the base of the toes (see illustration).

Re-apply Lavilin only when odor reappears.

- Do not apply to irritated, broken skin.
- **Do not use together with other deodorants.**
- Effectiveness varies depending on individual lifestyle.

Adaptation Period: In the transition to Lavilin, you may need 5-7 applications to attain maximal individual effectiveness.

“Deo to go” – if perspiration odor reappears during the day, a single application of Lavilin – no need to wash – and the problem disappears immediately.

Use only as directed. Do not swallow. Avoid contact with eyes. Keep out of reach of children. Do not apply if there is known sensitivity to any of the ingredients.
